Principal's Message

A MESSAGE FROM THE PRINCIPAL

Your President has written about the importance of student participation in various activities. May I suggest that meaningful, intelligent participation is the essence of what is sometimes referred to as Student Power.

In the minds of those whose viewpoint is distorted and unhealthy Student Power is equated with the ability to frustrate, annoy and destroy. This is a sick and unseemly attitude and is essentially negative in its implications and its results.

In a positive sense Student Power is the power of a student body to act co-operatively and constructively for the attainment of objectives that add joy and purpose to living.

It is the combined capacity of human beings to support and serve humanity.

Harold Gerry
(Principal)

President's Message

A MESSAGE FROM THE PRESIDENT OF THE STUDENTS' UNION

I am very proud to have been granted the opportunity to serve the students of Hardisty Junior High School as their President for the 1968 - 1969 school year.

It has been, from every point of view, a very successful year. The important factor in our success was the extent of student participation.

Most of the dances were well attended. The Winter Walkathon was enthusiastically supported by our students.

I am sure your Executive would like me to express appreciation for the wonderful co-operation we received. We are grateful to our advisors, Mr. Anderson, Miss Swekla and other members of the teaching staff for their generous support.

May I extend to each student in Hardisty Junior High School a cordial wish for happiness and success in your chosen field of endeavor.

Dale Pearce
